Form / particle size : **Granulated**

Réf : PN01251C

Main ingredients : **Dextrose de blé, stabilisant : E451, sel, antioxydant : E316, arôme naturel.**

Form / particle size : **Granulated**

Réf : PF02405C

Main ingredients : **Sel, dextrose de blé, paprika, cumin, huile de tournesol, épices, piment fort, plantes aromatiques, arômes naturels.**

Form / particle size : **Granulated**

Duck mousse

Réf : PF8823B

A complete mix with binding and flavouring for duck froth. Favored the slice holding and a slight and smooth texture

Main ingredients : **Whole milk powder, corn starch, wheat dextrose, sugar, spice, antioxidant, aromatic plants**

Form / particle size : **Granulated**

Ardennais pate c063

Réf : PF0097B

Specific seasoning for Countryside and Ardennes paté.

Inclusions list : **Green fragments**

Characteristics : **Salt-free, Traitement thermique (TT), Inclusions**

Main ingredients : **Natural aromas (flavouring preparation = spice extract on support :wheat dextrose), spices (of which peppercorn, marjoram).**

Form / particle size : **Granulated**

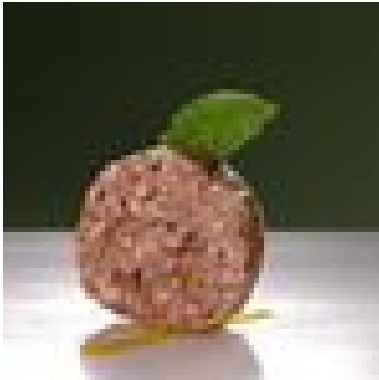

Phos s2

Réf : PJ0202B

An universal polyphosphates mix for brine and "melée". Excellent water retainer. Improves the holding of the slice

Main ingredients : **Stabilizers : E451- E450**

Form / particle size : **Granulated**

Phos s5

Réf : PJ7923B

STPP for "melee". Protien dissolver and favorised the link of thin doughs, patés, and terrines. Limits cooking losses.

Main ingredients : **Stabilizer :E451**

Form / particle size : **Granulated**

Prosella vp 200

Réf : PL7513B

Refined carraghenane kappa 2. High gelling power. Exudats retention. Meaty texture.

Characteristics : **Salt-free**

Main ingredients : **Carraghenanes, Potassium chloride**

Form / particle size : **Granulated**

Prosella vp 300

Réf : PL8519B

Semi-refined carraghenane kappa 2. High gelling power. Exudats retention. Meaty texture.

Characteristics : **Salt-free**

Main ingredients : **Semi-transformed Eucheema alga (E 407a) standardized with potassium chloride**

Form / particle size : **Granulated**

Protascorbate (50% e301)

Réf : PA0742B

Antioxidant for cooked, raw and dried pork meats

Characteristics : **Salt-free**

Main ingredients : **Wheat dextrose, antioxidant.**

Form / particle size : **Granulated**

Réf : PF9414B

Main ingredients : **Sel, curcuma, dextrose de blé, arômes, saccharose, gingembre, ail.**

Form / particle size : **Granulated**

Réf : PC02424C

Main ingredients : **Sel, dextrose de blé, ail, paprika, poivre, arômes (préparations aromatisantes d'origine végétale : extrait de poivre, extrait d'orange).**

Form / particle size : **Granulated**

Réf : PC02396C

Main ingredients : **Sel, dextrose de blé, saccharose, arômes (dont support : maltodextrine de pomme de terre), colorant : rouge de betterave, paprika.**

Form / particle size : **Granulated**

Réf : PF9009B

Characteristics : **Inclusions**

Main ingredients : **Sel, dextrose de blé, poivre, arômes, ail, macis.**

Form / particle size : **Granulated**

Protigel 18 cn

Réf : PH0186B

A preparation enabling to elaborate a clear and neutral gelatine to make aspics, pâtés, terrines and decors and all culinary preparations needing embedding.

Main ingredients : **Gelatine, dextrose, salt**

Form / particle size : **Granulated**

Protigum pdt

Réf : PL7852B

Emulsifier and binder for meats and vegetables preparations: shepherd's pie, moussaka. Limits exudation and stabilizes the preparation.

Characteristics : **Salt-free**

Main ingredients : **Thickener, emulsifier**

Form / particle size : **Granulated**

Protilac 75 hg (lactoserum protiens hg)

Réf : PI0855B

Binder and gelling for cooked pork meat. Ideal in liver pâtés and fish terrines instead of egg white.

Main ingredients : **Milk protiens**

Form / particle size : **Granulated**

Protina hv

Réf : PB0022B

Binder, emulsifier for cooked pork meat. Firm and laced texture. Improves the crunchiness in sausages such as "knacks".

Main ingredients : **Sodium caseinate high viscosity**

Form / particle size : **Granulated**

Protisec md/p coating agent for dried sausage

Réf : PM8379B

Coating glue for dry sausage

Characteristics : **Salt-free**

Main ingredients : **Maltodextrine de maïs, conservateur, huile de colza, épaississant.**

Form / particle size : **Granulated**

Saucisse de foie c2207

Réf : PF5206B

Seasoning for liver sausage.

Inclusions list : **Onions**

Characteristics : **Inclusions**

Main ingredients : **Fried onions, dextrose, spices, sugar, salt, antioxydant: E301, flavourings (transformation flavourings, flavouring preparation).**

Form / particle size : **Granulated**

Smoked sausage c2726

Réf : PF00750C

A complete free salt mix for smoked sausages. Dye free. Favorised the holding of colour and the holding in time. Add salt nitrit. Characteristic spicy taste.

Characteristics : **Salt-free**

Main ingredients : **Dextrose de blé, épices et plantes aromatiques, antioxydants, arômes naturel.**

Form / particle size : **Granulated**

Saucisse noire c124

Réf : PF1075B

Specific seasoning for the elaboration of a blood sausage.

Characteristics : **Origine France**

Main ingredients : **Dextrose de blé, épices et plantes aromatiques, arôme naturel .**

Form / particle size : **Granulated**

Réf : PN01730C

Characteristics : **Organic**

Main ingredients : **Dextrose de maïs poivre blanc, ail.**

Form / particle size : **Granulated**

Se 10 nf

Réf : PA00363C

Reddening for pork head cooking and salting products

Main ingredients : **Wheat dextrose, antioxidant, salt, preservative**

Form / particle size : **Granulated**

Potassium sorbate

Réf : PA0164B

Main ingredients : **E202**

Form / particle size : **Granulated**

Plant-based preparations

Form / particle size : **Granulated**

Protillant dip

Réf : PL5545B

Binding agent and cold stabilizer for dipping sauces. Fluid texture.

Characteristics : **Salt-free**

Main ingredients : **Thickeners, glucose syrup**

Form / particle size : **Granulated**

Hot coating creamy sauce protillant cl

Réf : PL01039C

Additive and allergen-free (gluten-free) binder specially developed to provide a smooth texture to sauces such as white sauces. Hot preparation with milk or water. Formulation can be adapted according to specific customer needs (texture, taste, color (voir sur le site internet))

Characteristics : **Traitement thermique (TT), Salt-free**

Main ingredients : **Rice flour**

Form / particle size : **Granulated**

Protillant xc

Réf : 60403127

Thickener at cold temperature, stabilizer for soups, and sauces. Holds the fragments in suspension

Characteristics : **Salt-free**

Main ingredients : **Thickeners : xanthane gum - carob gum**

Form / particle size : **Granulated**

Xanthan gum

Réf : 60131204

Thickener, stabilizer for soups and sauces. Holds the fragments in suspension

Main ingredients : **Xanthane gum**

Form / particle size : **Granulated**

Mix xanthane/guar

Réf : 60131206

Thickener at cold temperature, stabilizer for soups, and sauces. Holds the fragments in suspension

Characteristics : **Salt-free**

Main ingredients : **Xanthane gum(E415), guar gum(E412)**

Form / particle size : **Granulated**

Porcine plasma 75 %

Réf : PD0053B

Binder, emulsifier for cooked pork meat. Firm and laced texture. Improves the crunchiness in sausages such as "knacks". Improves yeilding in salted cooked products

Main ingredients : **Pork plasma proteins**

Form / particle size : **Granulated**

Pea proteins 90%

Réf : PP3452B

To use in addition to or in substitution of animal protein in meats, ready-cooked dishes or other specialties (falafel, stuffing, dumplings ...), this ingredient optimizes also your nutritional intake in cereals, soups, appetizers.

Main ingredients : **Yellow pea**

Form / particle size : **Granulated**

Proveg ds ts (concentrated soya hydrosoluble for brine)

Réf : PP8347B

Soluble protiens in brine. Ideal for injections and the barattage of cooked salted products such as poultry "ham" and ham or shoulder based preparations. Limits cooking loss and improves the slice texture.

Characteristics : **Salt-free**

Main ingredients : **Soya protiens concentrate**

Form / particle size : **Granulated**

Ps30

Réf : PI0147B

Binder and gelling for coked pork meat. Ideal in liver patés and country patés. To use in white pudding in place of milk powder

Main ingredients : **Lactose and milk proteines**

Form / particle size : **Granulated**

Culinary bases and preparations

Organic chicken broth seasoning

Réf : 604031145

This organic poultry broth seasoning is characterized by a rich and cooked note. Ideal to enhance soups and broths, but also risottos or stews.

Characteristics : **Traitement thermique (TT), Organic**
